

DATA SHEET

LOGITECH ROOM SOLUTIONS

Turn any space into a focused meeting space with one-touch join, wired and wireless content sharing, and convenient touch controls. Logitech® Room Solutions are available in small, medium, and large configurations, and feature your choice of room-optimized video conferencing solution from leading service providers.

SIMPLE MEETING ROOM SOLUTIONS

Logitech Room Solutions include everything to build meeting rooms of virtually any size: an Ultra-HD Logitech conferencecam with motorized pan and tilt, RightSense™ technologies like auto-framing, a pre-configured computing platform with software, and the Logitech Tap IP touch controller. Choose a USB-connected configuration with a mini PC or Meet compute system, or an appliance-mode configuration that eliminates the need for a dedicated computer.

With premium components, flexible mounting options, and central device management with Logitech Sync, Logitech Room Solutions are easy to deploy throughout the workplace.

SOLUTIONS FOR EVERY ROOM

SMALL

The small room configuration with Logitech Rally Bar Mini¹ delivers superior audio and video in a compact, all-in-one form factor. Clean cabling and flexible mounting options allow you to confidently deploy at scale.

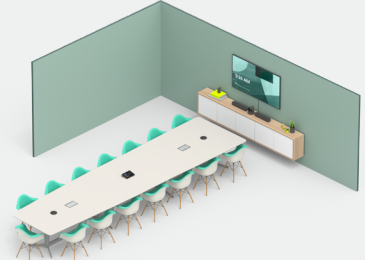

¹Also available with MeetUp

MEDIUM

Experience brilliant optics and room-filling audio with the medium room configuration with Logitech Rally Bar², an all-in-one video bar purpose-built for midsize rooms. Mount neatly to the display or wall, or stand on a credenza.

²Also available with Rally

LARGE

Featuring the expandable Rally Plus conference camera system, the large room configuration combines easy management with outstanding coverage across a wide range of room sizes and layouts.
