

VENGEANCE LPX Series

High Performance overclocking for DDR4

SKU Live Date	Jan 21, 2019
Product Full Name/Title	CORSAIR VENGEANCE LPX 32GB (4x8GB) DDR4 4400 (PC4-35200) C17 Desktop Memory - Black
Part Number/UPC	CMK32GX4M4K4000C19 840006609070
Search Key Words	DDR4, overclock, DRAM, RAM, gaming RAM, performance RAM, Vengeance, 32GB DDR4, speed, fast
Product Imagery	Images
Product Video	Product Video
Compatibility List	Recommended for DDR4 Systems – Intel 300 Series with Core i7-87xxK or i5-8600K or i3-8350K (full list on corsair.com)

Overview

VENGEANCE LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel 299 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. VENGEANCE LPX DDR4 modules are compatibility-tested across 299 Series motherboards for reliably fast performance. There's XMP 2.0 support for trouble-free automatic overclocking. And, they're available in multiple colors to match your motherboard, your components, or just your style.

Features

Feature	Benefit
<ul style="list-style-type: none"> Designed for high-performance overclocking 	Each VENGEANCE LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation; and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.
<ul style="list-style-type: none"> Designed for great looks 	Available in multiple colors to match your motherboard, your components, or just your style
<ul style="list-style-type: none"> Performance and Compatibility 	VENGEANCE LPX is optimized and compatibility tested for the latest Intel 299 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption. XMP 2.0 support for trouble-free automatic overclocking
<ul style="list-style-type: none"> Low-profile heatspreader design 	The VENGEANCE LPX module height is carefully designed to fit smaller spaces.

Tech Specs

- Density: 32GB (4x8GB)
- Speed: 4000MHz
- Tested Latency: 19-23-23-45
- Voltage: 1.35V
- Format: DIMM
- Pin Out: 288 Pin
- Intel XMP 2.0
- Heatspreader: Anodized Aluminum
- Includes 1x Vengeance Airflow
- Compatibility: Recommended for DDR4 Systems – Intel 300 Series with Core i7-87xxK or i5-8600K or i3-8350K ([full list on corsair.com](#))
