

## VENGEANCE LPX Series

High Performance overclocking for DDR4

SKU Live Date	Mar 9, 2020
Product Full Name/Title	CORSAIR VENGEANCE LPX 128GB (4x32GB) DDR4 3600 (PC4-28800) C18 1.35V Desktop Memory - Black
Part Number/UPC	CMK128GX4M4E3200C16 840006622284
Search Key Words	DDR4, overclock, DRAM, RAM, gaming RAM, performance RAM, Vengeance, 128GB DDR4, speed, fast
Product Imagery	<a href="#">Images</a>
Product Video	<a href="#">Product Video</a>
Compatibility List	Recommended for DDR4 systems – Intel Z390, Intel X299, AMD X570, and AMD TRX40 ( <a href="#">full list on corsair.com</a> )

### Overview

VENGEANCE LPX memory is designed for high-performance overclocking. The heatsreader is made of pure aluminum for faster heat dissipation, and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel DDR4 motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. VENGEANCE LPX DDR4 modules are compatibility-tested across latest Intel DDR4 motherboards for reliably fast performance. There's XMP 2.0 support for trouble-free automatic overclocking. And, they're available in multiple colors to match your motherboard, your components, or just your style.

## Features

Feature	Benefit
<ul style="list-style-type: none"> <li>Designed for high-performance overclocking</li> </ul>	Each VENGEANCE LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

<ul style="list-style-type: none"> <li>Performance and Compatibility</li> </ul>	VENGEANCE LPX is optimized and compatibility tested for the latest Intel DDR4 motherboards and offers higher frequencies, greater bandwidth, and lower power consumption. XMP 2.0 support for trouble-free automatic overclocking
<ul style="list-style-type: none"> <li>Low-profile heatspreader design</li> </ul>	The VENGEANCE LPX module height is carefully designed to fit smaller spaces.

## Tech Specs

- Density: 128GB (4x32GB)
- Speed: 3200MHz
- Tested Latency: 16-20-20-38
- Voltage: 1.35V
- Format: DIMM
- Pin Out: 288 Pin
- Intel XMP 2.0
- Heatspreader: Anodized Aluminum
- Compatibility: **Recommended for DDR4 systems – Recommended for DDR4 systems – Intel Z390, Intel X299, AMD X570, and AMD TRX40** ([full list on corsair.com](https://www.corsair.com))

## Accessories

### CMYAF

Corsair Vengeance Airflow  
(includes silver and blue covers)
