

MICROSOFT TEAMS CERTIFIED AND COMPATIBLE¹ **PERSONAL COLLABORATION SOLUTION MATRIX**

Certified for Microsoft Teams[®] and Skype for Business, Logitech[®] webcams, headsets and docking station integrate seamlessly with what you already use and help you look and sound professional on video calls.

LOGITECH BUSINESS WEBCAMS, HEADSETS AND DOCKING STATION FOR MICROSOFT TEAMS

Elevate video meetings with Logitech's webcams, headsets and docking station that are easy to use, look professional, and come in form factors to suit every user's style and need.

Logitech business webcams, Logi Dock, Zone series and H-series headsets are designed for Microsoft[®] and tested end to end in Microsoft environments to ensure great user experiences and easier deployments, allowing you to easily connect wherever you are so everyone can work together as if they're in the same room.

LOGITECH WEBCAM PORTFOLIO FOR MICROSOFT TEAMS

Logitech business webcams offer high-precision optics with autofocus for remarkable resolution and clarity to help you look your best. They are certified for Microsoft Teams^{®2} and Skype for Business, along with firmware update support for I.T. peace of mind.³ Brio can even integrate with Microsoft[®] Windows Hello[™] to log onto computers using facial recognition—no passwords needed.
